ITALIAN FLIERS ARE SAFE AFTER ATLANTIC TRIP

Machine Not Damaged When Landing Is Made At Touros

HEAVY FOG INTERFERES

Trip from Rome to Brazil Was A Record Breaker

NATAL, Brazil, July 6.—(INS)—Capt. Arturo Ferrari and Major Carlo Del Prete, record breaking trans-Atlantic airmen, who landed at Touros, 50 miles north of Natal, after hopping off from the beach near here last night, are safe and their machine was not damaged, said a dispatch from Touros today. The airmen said they were compelled to land by the fog.

RIO DE JANEIRO, July 6.—(INS)—After being lost for hours in storm and fog over the Brazilian coast, Captain Arturo Ferrari and Major Carlo Del Prete, Italian aviators who made a record non-stop flight from Rome to Brazil, landed this morning at Touros, in the State of Rio Grande Del Norte, 50 miles north of Natal, said a dispatch from Natal.

Inability to get in wireless communication with the Italians led to fears they had made a forced landing in some isolated spot and an airplane had been sent out from Natal to search for them just before word was received from Touros that they had come down there.

Ferrari and Del Prete had made their first landing on the beach 10 miles north of Natal at 7:50 last night (local time), completing their 4,600-mile flight from Rome and setting an aviation distance record. After a rest of an hour and 20 minutes they hopped off again for Rio De Janeiro about 1,200 miles distant, allowing for coast line detours.

The weather was bad off the coast, with storms sweeping some sections of it, but the fliers said they would risk it.

Radio stations on the northeastern coast tried to get into wireless communication with the airmen, but failed. It was reported that the Olinda station near Pernambuco had picked up a message from the plane at 3 a. m., but this was officially denied by the State Telegraph agency.

Firemen To Hold Card Party At Burlington Island

A joyous time has been planned by the committee from America Hose, Hook and Ladder Company, No. 2, and the auxiliary of same, which are in charge of plans for the card party and dance to be held tomorrow evening.

Island Beach pavilion is the site chosen. Mrs. Warren Thompson, who is chairman of the auxiliary committee, with other members of the organization, have completed arrangements for the card party. The prizes are said to be of excellent quality and numerous.

The American Legion orchestra will play for the dancers. The firemen are arranging for the dance numbers, and announce a prize walk. There will likewise be a square dance. Evan Vandergrift heads the committee from the fire company.

Good boat service will accommodate those desiring to attend. Launches will be operated as usual from 6 o'clock until everybody is off the island.

Praises State Officers For Work At Hulmeville

Hulmeville, Pa., July 6, 1928.

Editor of the Courier: Owing to reports that have been circulated that the State Highway Patrol Officers of the South Langhorne Detail "acted yellow" when four Hulmeville residents were arrested here on July 4th, we wish to publicly refute this statement.

Their actions and work at that time were most commendable. Had it not been for their valuable assistance more serious trouble would probably have resulted.

The splendid personnel of these men was most marked in carrying out their work on this occasion.

Yours truly,

SAMUEL J. ILLICK, Burgess.

WILLIAM L. STACKHOUSE, Chairman of Police Committee.

EDDINGTON CARNIVAL

The carnival of the Eddington Improvement Association is to be continued for one more night, Saturday, July 7th. The affair will again be staged on Bristol Pike, Eddington, with the usual good features. New merchandise has been secured. On the previous evenings rain interfered with the fete. The proceeds will be used for the street lighting fund.

DOYLESTOWN COUNCIL OPENS SEWER BIDS

Lowest Estimate Well Under Any Former Bid Received

A VERY NOISY "FOURTH"

DOYLESTOWN, July 6.—Eight bids for the construction of the extension of the sewerage system for the southern end of the town were opened by Borough Council. They ranged from \$30,339.65 from John S. Bailey & Bro., of this place, to \$40,268.10.

This was the second set of bids opened by Council for the work, the first bids being rejected on account of a misunderstanding. By the rebidding, however, the borough is likely to save at least \$2,000.

Bidding was very close in several instances. Bailey & Bro.'s bid was but \$92.95 lower than the O'Neill Co., of Chestnut Hill, and but \$104.84 lower than the bid of the Penn-Jersey Construction Co. There was a difference of \$9,428.45 between the lowest and the highest bids.

In order to speed up the awarding of the contract and the beginning of the work, Council decided to refer the bids immediately to Engineer William Boardman for checking and tabulation so that they may be considered this evening at 7:30, d. s. t., when it is hoped to award the contract.

So far as noise was concerned, this town might easily have been mistaken for the scene of a battle or a gangsters' feud on the Fourth.

Never in the history of the town, it is said, has there been a more noisy demonstration—absolutely beyond the control of the police.

Sick people in many instances were nearly frantic. So little respect was shown for the sick that good sized boys stood in front of the Emergency Hospital shooting off heavy cannon crackers and refused to leave. For fifteen minutes an attempt was made to get a local policeman to drive the noise-makers away, without avail, but a member of the Highway Patrol was induced to come to town and quell the disturbers.

That no effort was made by the local police to stop even the worst of the offenders on the Fourth or to stop the use of fire crackers in the streets previous to the Fourth caused a great deal of criticism. The excuse of the police was that there was no special law, but no attempt to stop any of the annoying or dangerous practices before the Fourth on the ground of disorderly conduct, and this aroused indignant comment.

The result of the situation, it is believed, will bring about the enactment of an ordinance which will prohibit the sale or use of fireworks before the Fourth and very strict regulations for the Fourth in the future.

White Perch Appear In River At Tullytown

TULLYTOWN, July 6.—For the first time in 15 or 20 years, as far as Tullytown folks are aware, white perch recently appeared in the Delaware River at this point.

As a sporting proposition the perch catch this season was good. Large catches were also reported further up the river in the vicinity of Morrisville.

The small fish, coming in goodly quantities, appeared at approximately the same time as the school of herring, which brought many fishermen to the banks several weeks ago.

FOURTH ANNUAL PICNIC HELD BY LODGES HERE

Flag Raising at Noon Was One of the Features of the Day

SPEECHES ARE MADE

The fourth annual picnic held on Independence Day by Clinton J. Lewis Lodge, J. B. P. O. E. of W., and Twilight Temple, No. 106, was much enjoyed by the large group attending, between 200 and 300 being attracted to the home on Lake street.

One of the features of the day was a talk given by Exalted Ruler E. J. Earl, of Bristol. Another speaker was past exalted ruler, Rudolph Jenkins, another Bristol resident.

The program included a baseball game in the morning, when a team composed of Bristol men defeated a Frankford nine on the Pine street field. A flag raising took place in memory of the late David Spencer at noon.

In the evening a dance was held in the hall of Beaver Fire Company station, on Mansion street. Music was furnished by the Night Hawks, of Trenton, N. J.

The day's events had been well outlined by those in charge of arrangements. Albert Roe was chairman, while Mary Johnson had been selected as vice-chairman.

Bible Class Enjoys Regular Monthly Social

In spite of the inclement weather early last evening, the members of the Alpha Bible Class of the Presbyterian Sunday School, taught by Mrs. John J. Hargrave, held their "doggy" roast, but not at the usual meeting place along the beach at Edgely. It was held at the home of Mrs. Hargrave, and a most enjoyable time was spent. As usual, the regular meeting of the class was held in conjunction with the "doggy" roast.

Those attending were: Mrs. John Hargrave, Mrs. J. B. Johnson, Mrs. Serrill Dettelson, Mrs. Elizabeth Tolen, Mrs. Ida McElmoyl, Miss Hattie Carty, Miss Gladys Renk, Miss Gladys Darrow, Miss Bertha Hetherington, Miss Clara King, Miss Emily Bracken, Miss Amy Valentine, Miss Margaret Smoyer, Miss Elizabeth Rue, and Mrs. William Lefttens.

ASPARAGUS GROWERS SHIP BUMPER CROP DURING SEASON NOW DRAWING TO A CLOSE

Prices Were Somewhat Low—Season Nearing End Was the Greatest on Record—Transported to New York in Motor Trucks — Over Production Not Blamed for Low Prices.

TULLYTOWN, July 6.—An enormous quantity of asparagus has this year been shipped from this section by the William Penn Asparagus Growers Association and the Penn's Manor Cooperative Association, with the season now nearly completed.

The low price at which the tempting vegetable was sold upon the market was noticeable in all sections during the past few months. This, state members of the association, is not due altogether to the over-production, but partly to the lack of buying power in New York City and other large centers.

Wholesale quotations given as an average throughout the season for the various grades of "grass" are: Best grade, \$5.50 per dozen bunches; with \$3.50 given as an average for the intermediate; and \$1.25 per dozen for the least saleable. In many instances the grades are grouped as follows: Fancies, extras, primes and culls.

In speaking of the amount of asparagus grown in this section of Bucks County one affiliated with the two associations said "There was a larger quantity shipped this year than during any previous recent years, and a most ready market was found." This

same individual was of the opinion that asparagus growing and dairy work are the main possibilities by which a farmer might continue in business in this immediate vicinity.

Each day at about four or five p. m., a fleet of trucks makes the "rounds" of the various farms owned by those connected with either of the two associations mentioned. The asparagus, neatly packed, is loaded onto the trucks and taken immediately to either Newark or New York City, arriving at the latter place at about midnight. There it is put in the wholesale market. Cold storage plants are located at these points, and in case the crated goods arrives just previous to a holiday and the week-end, it may be stored there with safety.

A few of the farmers nearby are associated with the two organizations, the majority however holding membership in only one. The fresh-cut stock is shipped to a group of those companies listed with the associations.

Asparagus growing has come to be a most excellent means of income, not only a large scale, but on a small. Some individuals having but small plots of ground grow a few stalks for private consumption.

BANJO CLOCK PRESENTED TO PERKASIE LEGION POST

Every Post in Bucks County Was Well Represented At Meeting

SINE GIVEN A CHARM

The borough of Perkasia as well as every American Legion post in Bucks County was well represented last evening when a banjo style clock was presented to the Perkasia Post of the Legion as winner in the recent membership drive conducted by Bucks Volture, No. 929, of the 40 'n' 8.

A delegation had been sent from each of the towns where posts are located; and other guests included the burgess of Perkasia borough, president of the school and president of the chamber of commerce, Chef de Gaire, Harry M. Lair, of Morrisville, was in charge of the arrangement.

The presentation was made by Richard W. Fechtenburg, of the Robert W. Bracken Post, No. 382, Commander Thatcher of the winning post accepting the gift.

To Paul R. Sine of the Perkasia organization there was given a legion emblem watch charm. During the drive Mr. Sine secured 27 new members.

A most stirring address was delivered by State Commander Edwin Hollenback. Mr. Hollenback told of what work is being carried out by the American Legion department of Pennsylvania. State Adjutant James Deighan and District Commander Benjamin Howarth likewise spoke. Hollenback and Deighan had just returned from Clearfield where they attended a mammoth Fourth of July celebration put on by the post of that town.

Legionnaires to the number of 300 attended the Perkasia affair last evening, and thoroughly enjoyed the evening. Bristol's delegation totalled 25, the trip being made by bus. One of the main items was a dinner. W. Ray Smith, commander of the Bristol Post, led the body in the singing of war songs. The bugle corps from the Doylestown post played several selections.

Owing to the rain it was necessary to disperse with the parade which was to have preceded the meeting.

Charles Zuckero, of Lovett avenue, was a visitor in Trenton, Monday.

Mr. and Mrs. Elwood Walters, of Fallsington avenue, were visitors in Trenton, Tuesday.

Francis D. Bodine, of Main street, and Edney Rickey, of Mill Lane were visitors in Atlantic City, N. J., Monday.

A sedan driven by W. J. Mooney, of Andalusia, overturned in front of the property of Elmer Minster, Main street, Wednesday morning. No one was seriously injured. The occupants of the car were Mr. and Mrs. Mooney and their son. Mrs. Mooney, the only one injured, escaped with slight cuts and bruises. Dr. H. Doyle Webb, of Bristol, who passed by a few minutes after the accident was stopped and dressed Mrs. Mooney's injuries. The car was slightly damaged.

Members of the Tullytown Troop of Boy Scouts enjoyed an outing on Warner's Island up the river on Wednesday.

Miss Betty Wagner Is Hostess To Several Friends

CROYDON, July 6.—Miss Betty Wagner, of Philadelphia, who is summing at "The Delmar" on Newportville Road, was hostess to a large number of her Philadelphia friends at a picnic here on the Fourth.

The guests, about 35 in number, made the trip to Croydon, in several machines, arriving early in the morning. At noon a picnic lunch was served on the lawn, along the Neshauney Creek.

Amusements throughout the day took the form of boating and bathing. Late in the evening the group enjoyed a dance.

PARENTS WARNED OF NOT REPORTING CHILD DISEASES

Many Are Violating the State Health Board's Rules In Bristol

F A C E PROSECUTION

Evade Law So As To Avoid Having Their Houses Placarded

A number of Bristol families face prosecution and possible fining if found guilty of violation of one of the rules and regulations of the State Health Board. This was made known last night following a meeting of the Bristol Health Board.

During the past few months the names of several Bristol families have been reported to the local health authorities wherein it was stated there were children suffering with various forms of communicable diseases. These families did not employ a physician and consequently there was never any report of the disease from which the children were suffering and the houses were not placarded.

In instances where physicians are called, a report is made immediately to the local health officer and the house is placarded so as to warn others about entering and coming in contact with the disease.

The local health board has been informed that there have been and are now children in several families in Bristol who have whooping cough, measles, mumps and diseases of like nature. No physician is being employed and the houses are not placarded.

The local health board requested State Health Board to give an opinion on the matter and has been advised every householder or proprietor of an hotel or lodging house, having on his premises any person for whom no physician has been called and who shows an unusual skin eruption or rash or swelling about the ear or jaw or has spasms of violent coughing, shall report these facts immediately to the health officer of the city, borough or township, giving the name of the person and the location of the said premises.

Any physician, undertaker, teacher of a public school, principal of a school, superintendent of a Sunday school, sexton, janitor, parent or guardian, or any other person or persons who shall fail, neglect, or refuse to comply with, or who shall violate, any regulation of the Department of Health or the local health authorities shall for every such offense, upon conviction thereof in a summary proceeding before any magistrate or justice of the peace of the county wherein said offense was committed, be sentenced to pay a fine of not more than one hundred (\$100) dollars, to be paid to the use of said county, and costs of prosecution, or to be imprisoned in the county jail for a period of not less than ten nor more than thirty days, or both, at the discretion of the court.

THIS RANGE IS UNIQUE

For the motorists who desire to visit mountain resorts, the Keystone Automobile Club has prepared a tour to one of the beautiful regions in New York—Lake Mohonk.

"Originally," said Russell B. Carty, representative of the Keystone Automobile Club in Bristol, "this region was named 'Moguncunk' by the Indians. The meaning of the name is 'Lake of the Sky.' Lake Mohonk is included in a six mile stretch on the Shawangunk Mountain range. This range is unique in this section of the country, in that it is made up of strata thrust up edgewise along the middle of an immense valley bowl. Several rocky crags rear above, piercing the sky like giant saw teeth. The most prominent is 'Sky Top.'"

The run to Lake Mohonk can be made easily in a day, the touring bureau of the club announces. From Bristol pass through Langhorne, Newtown and Buckingham to Doylestown. Take the Lackawanna Trail, from Doylestown, through Plumsteadville, Pipersville, Kintnersville and Easton to the Delaware Water Gap, through some of the finest farming land in the state. The road antedates the arrival of the white race on these shores, being an old Indian Trail through the Delaware Valley.

Pass through Delaware Water Gap to East Stroudsburg, and bear right into the Milford Pike, which follows the Delaware River toward its head, and passes through parts of the wild country in northern Pennsylvania to Port Jervis, on the New York state line.

Bear right from Port Jervis to Middletown. From Middletown drive to Montgomery, and bear right. Drive eastward for approximately a mile and a half, and turn left to Walden. Continue on through Walkkill to Ireland Corners, bear right a short distance to Modena, and left to New Paltz. At New Paltz bear left onto the private Lake Mohonk Road, which leads directly to the lake.

For the return route, drive back to New Paltz, and continue straight through to Highland. Here the Storm King Highway is quiet. Turn right onto the Storm King Highway, and pass through Milton, Marlboro, Newburgh and Cornwall-on-Hudson to West Point. Here you may wish to inspect the beautiful grounds of the United States Military Academy. Continue south through Highland Falls and Port Montgomery, where you can view the beautiful scenery in the Bear Mountain Park.

Drive on to Jones Point, and at Jones Point turn right to Sloatsburg, where you bear left to Suffern. Continue south from there to Mahwah, Hohokus, Arcola, Carlstadt, Belleville and Newark. From Newark drive through Vauxhall to Morristown, and continue on to Bedminster, where you bear left for Somerville and Princeton. At Princeton the Lincoln highway is met.

Follow the Lincoln Highway through Trenton to Morrisville then to Bristol.

FOR A HEALTHIER WORLD

One of the important but not generally realized results of the World war was the impetus given to the health conservation movement. It may seem somewhat anomalous that a conflict in which the nations appeared to be trying to kill off as many human beings as possible should give rise to intense interest in the work of preserving life and building up strong, healthy physiques, but this is a fact.

There was never a time when so many different organized agencies were at work fighting disease and spreading knowledge of how to get and keep well as at present. A representative of the National Health Council estimates that at least 70,000,000 persons throughout the world are sick all the time. There are about 35,000,000 deaths annually. Students of the subject believe four-fifths of the cases of illness are preventable. And this is the keynote of modern medicine and the numerous organizations mentioned.

Prevention. Cooperation in international health work is to be the winning factor in the war on disease. It is now recognized that national efforts without this cooperation can accomplish little. Epidemics have a way of leaping over national boundaries and even over oceans, as was shown in the last outbreak of influenza in Europe which invaded our country. Leaders in the fight are the International Health Board of the Rockefeller Foundation and the League of Red Cross Societies. The Epidemic Commission of the League of Nations has also done good work in combatting typhus in Poland, Russia and Rumania. When it is stated that the expectancy of life in New Zealand is 60 years, whereas in America and Great Britain it is only 45 and in India 25, the immensity of the task of the health crusaders is better appreciated.

BURNED FINGERS

Many persons will regard with indifference the recent convulsions which have seized the stock market sending prices plunging. To them the market is a highly refined form of gambling and if fingers are burned in the process, the victims will be allowed to nurse their hurts without interference.

Of course not all transactions on the exchange are of a gambling nature but many of them are. It is probably this factor which is more responsible than anything else for the breaks which have dissipated billions of paper profits. Financial writers seem to agree that the market was due for just such a drenching as has come to it, that prices were "bullied" far above justifiable levels and that necessarily there had to be reaction.

Persons who "play" the market instead of using it for the sale and purchase of stocks must realize again the hazards of the game they play. It is a risky, pesky avocation and is subject to just the sort of flare-backs which are on the front pages of the newspapers these days.

No person seems to think that the effect on the substantial business interests of the country will be serious. If that is the case, the stock market's contortions become mainly a matter of entertainment to the lambs that keep away from the shears.

It is the misfortune of many a dictator that in time he gets a feeling in the head that a couple of aspirin tablets can't cure.

KEYSTONE IX WINS OVER WASHINGTON CROSSING

By T. M. Juno

One of the finest ball games seen here in recent years was played July 4th at Sullivan's field, when the Keystone A. A. vanquished the strong Washington Crossing team by a score of 6 to 5.

The game was marked throughout by the brilliant playing of both teams.

For Washington Crossing Wood and Embly did the best stick-work, while in the field a wonderful stop of Deitrick's drive by Lawrence and a brilliant catch of Barrett's line drive by Short-stop Salt, stood out prominently.

For Keystone, Bill Waldbuser, Jim Fine and Dan Sheek batted well, while in the field Dan McDevitt, with four put-outs and an assist, took the honors.

In the first inning Washington Crossing scored two runs on a single by Lawrence, a walk by Salt and Embly's long triple to left field.

In their half of the first Keystone was retired in order.

The second inning was marked by some fast fielding by both teams. Each in their turn managed to place men on the bases but through the brilliant playing of their infields each kept their opponents from scoring.

Washington Crossing was again blanked in the third, no one reaching first base. Keystone came back in this inning to tie the count at two-all. Jim Fine singled and Dan Sheek hit the ball in the grass, out in deep left field, for a home run.

Keystone again blanked Washington Crossing in the first half of the fourth inning.

In their half Keystone again solved Weiss, the Washington Crossing pitcher,

for three more runs. Dugan and Bill Fine singled. They advanced on a passed ball, and scored on Deitrick's single. Waldbuser tripled, scoring Deitrick. This was one of the longest hits ever made on Sullivan's Field, the ball, clearing the telegraph pole, landed thirty yards back of it. Waldbuser called to get a home-run on it, as he fell after rounding first base.

Washington Crossing was again blanked in the fifth.

Keystone scored one more run in the fifth. Jim Fine singled, advancing to third on Sheek's infield out and a passed ball, scoring a second later on Barrett's sacrifice fly to deep-center field.

In the sixth Washington Crossing rallied, scoring three runs. Salt singled, taking third on Woods' single. Wood advanced to second on the next pitch. They scored later on McNiff's single. Embly doubled, scoring McNiff.

Keystone was blanked in the last half of the sixth.

At the completion of the sixth inning, a windstorm swept the field, rendering play impossible. A halt was called for ten minutes, the umpire thinking that after a short time the storm would abate. However the windstorm was but a forerunner of a heavy rain. Thus the game ended in the sixth inning with the score 6-5, in favor of Keystone A. A.

This was the first important game that the Keystone A. A. has played this year and the result bodes well for the future. A return game has been scheduled with Washington Crossing at their grounds on Sunday, July 15th. This promises to be a fast game, as the Washington Crossing club is anxious to come back at the Keystone with a win.

"TUT" LOMBARDI IS ACTIVE AT COLUMBIA

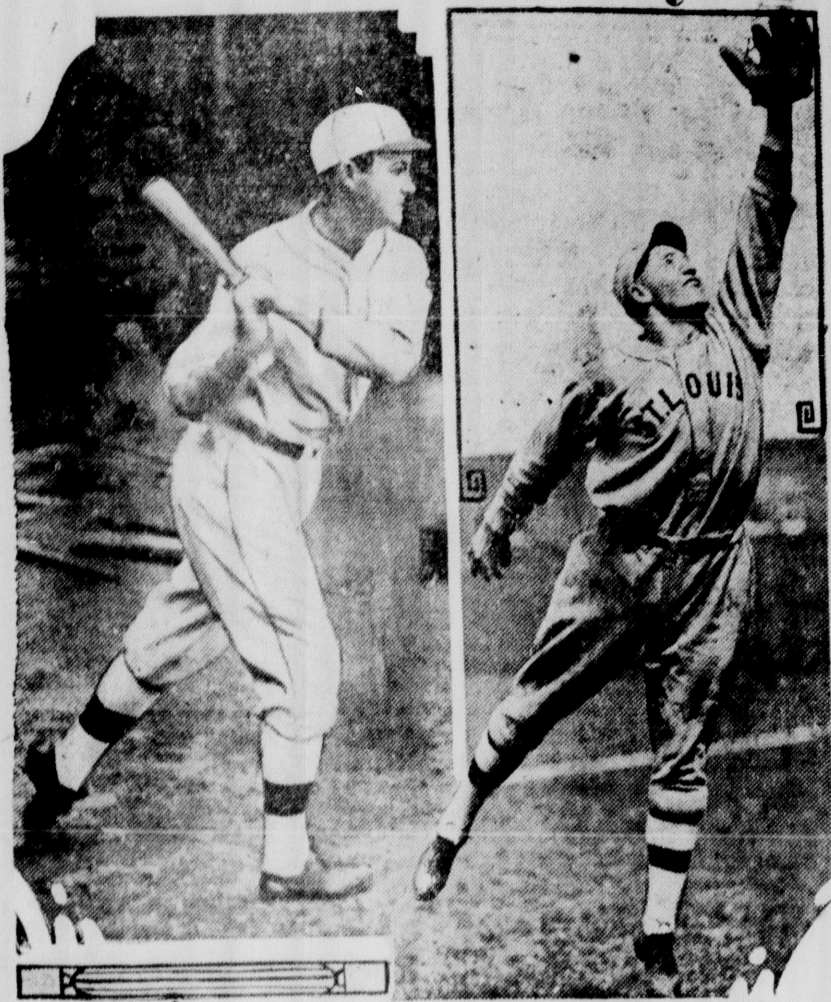

(By T. M. Juno)

Anthony "Tut" Lombardi, a former resident of Bristol and a graduate of local school, class of '25, has just completed his freshman year at Columbia University.

At Bristol High, "Tut" was a four-letter man for two years. He was also a member of the high school orchestra. Anthony continues to be very active at the university, having won high honors on the freshman football team. "Tut" carried his class colors in the inter-class boxing tournament and was also a member of the freshman wrestling team. The Kilroe medal, awarded to the novice wrestling champion of Columbia, was presented to Mr. Lombardi. "Tut" represented his class in the annual "cane spree" against the sophomore class. He is a member of the instrument club, the college musical organization, the Pittsburgh, Pa. grapplers' club, and the Alpha Phi Delta.

—Mrs. Thomas Clarke and family, of Buckley street, left Saturday to spend the week with relatives in college musical organization, the Pittsburgh, Pa.

They're Burning Up the Diamond

Above are two more of the youngsters who have proved sensations in big league company. On the left is one of the wealthiest men in the national pastime, Dudley Braham, star first sacker for the Athletics. His wife is the daughter of Oklahoma's richest oil man and he himself isn't lacking in worldly goods. The second is Ralph Kress, rookie shortstop of the St. Louis Browns, who is celebrating his first year in major league baseball by leading the American league hitsmiths with an average of .434.
